

QUALITY POLICY STATEMENT

DCC Vital, through our Healthcare Distribution and Services Businesses across Ireland, Britain & International and Primary Care, is committed to providing best in class products and services to all our stakeholders including patients and customers across the healthcare channels from secondary to primary care.

This is achieved through:

- i) continually improving our quality using a risk-based approach and adhering to current and emerging regulatory requirements for our manufacturing, distribution, services and commercial activities,
- ii) providing training and support to our people to enable their growth and progress,
- iii) working closely with suppliers and customers to ensure provision of excellent products and services and
- iv) establishing quality objectives and key performance indicators that are shared and understood.

DCC Vital strives to meet and exceed these standards through review of our comprehensive quality management system and measuring performance against our quality objectives.

A collection of eight handwritten signatures in blue ink, arranged in two rows of four. The signatures are: Row 1: Hans P. Moran I., Pat O'Connell, Caroline Moran, and Stewart; Row 2: M. Moran, Sarah O'Connell, Ede Sat, and John Moran.

DCC Vital Leadership Team, June 2021
